	TI003en	Technical Information	
PDA0.P- Series	Pitot Tube for measuring static or total pressure		

The TPA0- Series is designed for measuring static or total pressure in duct systems

The TPA0- Series can be use in conjunction with our Air Differential Sensors or Switches

The aluminum alloy pitote tube is designed for industrial applications

Several lengths are available

Easy installation

<b>Product Range</b>	Order Code	Duct Immersion Length (mm)	Total Lengths (mm)	Mounting	Material	Accessory	Applicable Products
	PDA0.P100	100	143	2-Self tapping screws	aluminum alloy	2m silicon connection tube	PDE1_series and PDE2_series
	PDA0.P200	200	243				
	PDA0.P300	300	343				
	PDA0.P400	400	443				
	PDA0.P500	500	543				
	PDA0.P600	600	643				
	PDA0.P700	700	743				
	PDA0.P800	800	843				
	PDA0.P900	900	943				
	PDA0.P1000	1000	1043				

<b>Dimensional Drawing</b>
